Along with Terry, The Florida Tree Farm Program proudly recognizes Terry's father, Howard Putnal, in memoriam, with this award. The Putnal's operation exemplifies The American Tree Farm System's core forest values – Wood, Water, Recreation, and Wildlife. Terry's land management strategy is a great example of how to responsibly use forestry practices "in the right place" to meet economic goals. Guided by his father's passion for forestry, Terry provides a positive impact to fellow forest owners and is very worthy of this honor.
